- (w) the power to take such action as we shall think fit for the adequate protection of any part or parts of the Trust Fund and to take and act upon the opinion (given in writing) of any attorney at law or counsel practicing in any country in relation to the interpretation or effect of these Terms and Conditions or any other document or statute or as to the administration of the trusts hereof without being liable to any of the persons beneficially interested in respect of any act done by us in accordance with such opinion provided that nothing in this provision shall prohibit or impede us from applying to any Court if it shall think fit.
- (x) the power to do all such other things as may be incidental to the exercise of the powers and authorities conferred on us by these Terms and Conditions.
- (y) the costs, charges and expenses incurred in connection with and incidental to the administration of the trust or otherwise in relation thereto including the remuneration of the trustee provided for and of the investment and reinvestment of any part of the Trust Fund and the collection of income and other sums derivable therefrom shall be charged against the income of the Trust Fund but if such income is insufficient for the purpose then the same shall be charged against the Trust Fund or so much of the Trust Fund as maybe required in addition to the income for that purpose and the trustee shall be entitled to be reimbursed out of the Trust Fund or the income thereof for such costs, charges and expenses as the trustee incurs and pays.

3.4 Power of Investment Reserved to the Contingent Investment Adviser

Upon the death or Incapacity of the Settlor or both Settlers (in the case of joint application), the Contingent Investment Adviser shall be vested with all the investment powers and shall exercise such powers in accordance with Clause 2.1 (f) and Clause 3.2. The Contingent Investment Adviser shall have the power to appoint a successor. In the event that you select option 3 in Section J1 of the Application Form, and there is no Contingent Investment Adviser, we shall have the power to appoint any person we think fit to be the Contingent Investment Adviser.

3.5 Indemnity Against Exercise of Reserve Powers

For as long as we do not have the power to exercise the reserve powers, we shall not be under any duty or responsibility in relation to the exercise of reserve powers. We shall not be liable or responsible for any loss or damage arising from or in relation to mismanagement default or omission in the exercise or non-exercise of the reserve power save where such loss or damage is due to fraud, willful default or gross negligence on the part of Metis.

4. OWNERSHIP CLAUSES

4.1 Withdrawal

You may notify us of your wish to make Partial Withdrawal or Regular Withdrawal for distribution in accordance with the following Clause

- (a) For Partial Withdrawal
 - (i) You may make a partial withdrawal via the deduction of Account Units at any time while the Trust Plan is in force and while you are alive and not Incapacitated, by submitting a request to Metis (provided such request is accepted by us). No Exit Charge is payable on such Partial Withdrawal provided that (i) the number of Units to be deducted must aggregate to a dollar value equal to or more than the Minimum Withdrawal Amount, based on the relevant indicative Bid Price; and (ii) the Trust Plan Value does not fall below the Minimum Trust Plan Value. Any such Partial Withdrawal that results in the Trust Plan Value being less than the Minimum Trust Plan Value will effect an encashment in accordance with Clause 4.2 and be subject to Exit Charge in accordance with Clause 7.3.
 - (ii) With respect to sub-clause (i) above, the number of Units to be deducted, as requested by you (and provided such

request is accepted by us), will be subject to the relevant Bid Price for computation of the withdrawal value.

- (b) For Regular Withdrawal
 - (i) You may make a series of fixed amount withdrawals on a regular basis at any time after the Exit Charge Waiver Date and while you are alive and not Incapacitated, by submitting a request to Metis (provided such request is accepted by us). The amount must be equal to or more than the Minimum Withdrawal Amount.
 - (ii) The amount you wish to withdraw will be deducted equally from all Assets held in the Trust Plan Account, or in such a manner as we may in our sole and absolute discretion deem fit. Due to market movements, even if specified, there may be a discrepancy in the actual amount withdrawn.
 - (iii) Any on-going Regular Withdrawal will automatically cease once a Top-up Contribution is received.
- (c) For the purposes of this Clause, the Minimum Withdrawal Amount is currently set at SGD3,000 and we reserve the right to change this amount from time to time.

4.2 Encashment

You may obtain the Encashment Value by way of full withdrawal at any time while the Trust Plan is in force and while you are alive and not Incapacitated, by submitting a request to Metis (provided such request is accepted by us), subject to the following provisions:

- (a) Any Exit Charge due and any outstanding Trust Plan charges (as imposed by Clause 7), will be deducted from the Trust Plan Value for encashment on or before the Exit Charge Waiver Date.
- (b) Once the Encashment Value has been paid, we will not accept any further Contributions nor will we pay any further benefits. The Trust Plan will terminate and the trust under the Deed will vest automatically. The Beneficiaries will have no further rights to benefits or options under the Trust Plan.
- (c) We will pay out and distribute the Encashment Value or Withdrawal sum in SGD by electronic transfer, within 45 calendar days after the Valuation Day, provided we have received the settlement proceeds from the manager, issuer or dealer of the relevant Asset.
- (d) In exceptional circumstances, such as extreme stock market closure or to protect the interests of others, payments from a Trust Plan may be delayed by Metis. In the event that this happens, we will do our best to minimize the delay and keep you informed of the likely length of delay.
- (e) As the Settlor, you must meet the cost of payment. No interest is payable in respect of the Encashment Value whatsoever.

5. BENEFIT CLAUSES

5.1 Loyalty Benefit

This benefit is a waiver of the Administration Charge that is payable, subject to the following: where the average month-end Trust Plan Value for the last 12 months prior to the Trust Plan Anniversary is:

- i) between SGD50,000 and SGD 149,999, the Administration Charge payable for the first month after the Trust Plan Anniversary will be waived;
- ii) equal or greater than SGD150,000, the Administration Charge payable for the first and second month after the Trust Plan Anniversary will be waived.

This benefit will be applicable until the Trust Plan is terminated in accordance with Clause 2.5.

6. CONTRIBUTION CLAUSES

All Contributions made by the Settlor (or if the Settlor is Incapacitated and we have actual knowledge of the Settlor's Incapacity, the Settlor's donee(s) under his or her Lasting Power of Attorney) in accordance with this Clause 6 will be held by us on Trust. We are not obligated to ensure that the Settlor (or the Settlor's donee(s) under his or her Lasting Power of Attorney, if applicable) makes the requisite Contributions.

All Contributions, after the deduction of the charges imposed by Clause 7 (if applicable):

- (a) will be used for the purchase of Units on the Valuation Day immediately following the day upon which
 - (i) Contributions are received, cleared and confirmed by our bank; and
 - (ii) our internal processing of Contributions is completed according to our latest record of your Asset Choice selection; or
- (b) where it is not reasonably possible to purchase Units on such Valuation Day, the relevant portion of the Contribution amount will be held in the relevant Holding Account until the next Valuation Day when it is possible to purchase Units.

6.1 Minimum Single Contribution

- (a) The minimum Single Contribution is currently set at SGD30,000.
- (b) At the moment, there is no upper limit for Single Contribution but we reserve our right to prescribe a limit. All payments must be made into our Holding Account opened with a custodian bank. We reserve the right to change the minimum Single Contribution amount from time to time to reflect inflation and operation costs.
- (c) Payment methods are determined by us at the time of processing and set out in our application documents provided to you. The cost of payment must be met by you.

6.2 Top-Up Contribution

- (a) You may increase your Contribution to the Trust

Plan by making Top-Up Contributions.

- (b) There is no limit to the number of Top-Up Contributions that you may make.
- (c) Top-Up Contributions can only be added to an existing Trust Plan at any time before the Settlor or the youngest Settlor (in the case of joint application) reaches the age of 80.
- (d) The minimum Top-Up Contribution is SGD10,000.
- (e) Top-Up Contributions can only be paid by electronic transfer or any other methods accepted by us. Payment through credit card is not accepted.
- (f) Each Top-Up Contribution will have its own Exit Charge Waiver Date.
- (g) Top-Up Contributions will be allocated to purchase Units in accordance with our latest record of your Asset Choice selection.
- (h) The receipt of a Top-Up Contribution will automatically cease any on-going Regular Withdrawal.

7. CHARGES CLAUSES

There are charges payable to us for providing and administering the Trust Plan. Details of such charges are described below.

7.1 Trust Establishment Charge

- (a) An Establishment Charge will be imposed on a quarterly basis for the first 36 months from the Trust Plan Commencement Date (for Single Contribution) and each respective Contribution Receipt Date (for Top-Up Contribution) and is payable on the first calendar date of the month following the end of each three-month period. For the purposes of determining the first three-month period under this Clause, any Trust Plan Commencement Date falling on any date other than the first calendar date of the month will be treated as falling on the first calendar date of the month. Each three-month period thereafter will commence immediately after the end of the preceding three-month period.
- (b) The initial Establishment Charge is currently 0.63% of the Contribution. Subsequent Establishment Charges are currently 0.63% of the remaining Contribution following the deduction of the Establishment Charge in the preceding quarter. Such charges shall be reflected on your annual statement through the cancellation of Notional Units from the Asset Choices selected by you in proportion to their value on the day where the Trust Establishment Charge is payable, based on the initial purchase price of the Notional Units.
- (c) In the event where the Trust Plan is terminated before the end of the first 36 months from the Trust Plan Commencement Date (for Single Contribution) and each respective Contribution Receipt Date (for Top-Up Contribution) and is terminated on a date falling within any three-month period but prior to the last calendar date of that three-month period, the Establishment Charge payable by the Settlor will be pro-rated

according to the number of days within the three-month period that have lapsed.

- (d) The Establishment Charge shall be paid upfront based on the Units purchased by the Contribution amount originally received for Single Contribution and Top-up Contribution.

7.2 Administration Charge

- (a) A monthly charge will be imposed on the Trust Plan Account based on its value at month end and is payable as at the first calendar date of the following month. This charge is applicable until the termination of the Trust Plan and shall be paid by cancelling the Units in the Trust Plan Account. The current Administration Charge is set at 0.15% per month.

7.3 Exit Charge

- (a) An Exit Charge will be imposed upon any Withdrawal on or before the relevant Exit Charge Waiver Date that results in the Trust Plan Value being less than the Minimum Trust Plan Value.
- (b) The Exit Charge Rate is dependent on the number of remaining month(s) with respect to the Exit Charge Waiver Date. For the purpose of determining the Exit Charge Rate, any incomplete month remaining will be rounded up to a full month. To illustrate, a remaining period of 11 months and 1 day will be regarded as 12 months whereby the applicable Exit Charge Rate will be 2.67% as per table 7.3.

Table 7.3: Exit Charge Rate

Remaining months	Exit Charge Rate	Remaining months	Exit Charge Rate	Remaining months	Exit Charge Rate
36	8.00	24	5.34	12	2.67
35	7.78	23	5.12	11	2.45
34	7.56	22	4.89	10	2.23
33	7.34	21	4.67	9	2.01
32	7.12	20	4.45	8	1.79
31	6.89	19	4.23	7	1.56
30	6.67	18	4.01	6	1.34
29	6.45	17	3.78	5	1.12
28	6.23	16	3.56	4	0.90
27	6.01	15	3.34	3	0.68
26	5.78	14	3.12	2	0.45
25	5.56	13	2.90	1	0.23

- (c) The Exit Charge is equal to the applicable Exit Charge Rate (as shown above) multiplied by the higher of the respective applicable Contribution(s) or the value of the Units purchased with the applicable Contribution(s) in the Trust Plan Account.
- (d) The Exit Charge will be imposed by cancelling the Units in the Trust Plan Account.
- (e) Notwithstanding anything in this Clause 7.3, any Exit Charges incurred as a result of the death of the Settlor or the surviving Settlor (in the case of joint application) will be waived provided that the age of the Settlor at the time

of death is not more than 70 on the next birthday and the death is not directly or indirectly, wholly or partly caused by: (i) intentional acts (sane or insane) such as self-inflicted injuries, suicide or attempted suicide within the first twelve (12) months from the Trust Plan Issue Date; (ii) pre-existing conditions within the first twelve (12) months from the Trust Plan Issue Date; or (iii) war, invasion, acts of foreign enemies, hostilities or warlike operations (whether war be declared or not), civil war, rebellion, revolution, insurrection, civil commotion assuming the proportions of or amounting to an uprising, military or usurped power. Metis reserves the right to request for any further information and/or documents in relation to any waiver of Exit Charges under this Clause.

7.4 Switching Fee

There is currently no switching fee for changing Asset Choices. However, we reserve the right to introduce and revise this from time to time. We will not impose a switching fee in the event of an involuntary investment switch where we close a relevant Asset.

7.5 Charges within the Asset

Asset charges are dependent on Asset Choice and based on the range of Assets available in our International Asset Selection. For further information please refer to the individual Asset prospectus, published by the respective Asset Manager / Issuer / Dealer.

7.5.1 Annual Management or Storage Charge

This charge is determined by the Asset Managers / Issuer / Dealer and may be varied from time to time. This charge may be charged directly from the Asset and reflected in the relevant Unit prices; otherwise, you may be required to pay this charge separately.

7.5.2 Bid-Offer Spread

'Offer Price' is the price you pay for a Unit to be allocated to the Plan. The 'Bid Price' is the price at which we cancel a Unit from the Trust Plan. The difference between the offer price and bid price in a Fund or Structured Product or Commodity is the bid-offer spread which is effectively a charge which you pay to the Fund Manager, or Product Issuer or the Commodity Dealer. This spread will vary among different Funds and Structured Products and Commodity.

- (a) Currently for all Funds in the International Asset Selection, the Bid-Offer spread is nil. Details of each Fund under the Trust Plan can be found from prospectus of the Fund. However, there may be Bid-Offer spread for the Structured Products and Commodity and the actual charges will be subject to the announcement of the product details of each Structured Product or Commodity dealer.
- (b) We reserve the right to charge a Bid-Offer Spread which reflects the redemption charge applied by the corresponding Fund Managers or

Product Issuer or Commodity dealer if and when they amend their charging structure.

7.5.3 Early Redemption Charge

This charge is determined by the Asset Managers / Issuers / Dealers and may vary across different Assets. The charge may be applied when you redeem or switch out from the Assets within the required holding period, if any. For further information, please refer to the fact sheet and/or prospectus of the respective Assets published by the Asset Managers / Issuers / Dealers.

7.6 Currency Exchange Charge (if Applicable)

See Clause 2.3 above.

7.7 Other Charges (if Applicable)

Any fees or transmission charges otherwise incurred as a result of or in respect of the Trust Plan will be paid by cancellation of Account Units.

7.8 Revision of Charges

We reserve the right to vary the charges contemplated under Clauses 7.1 to 7.4 by giving you not less than three months' prior notice in writing, or such other period of notice in compliance with the relevant regulatory requirements.

In the event that the relevant Asset Manager / Issuer / Dealer varies the charges or imposes new fees under Clauses 7.5 to 7.7, we will notify you in writing of such changes within 30 Business Days of us being notified of such changes by the relevant Asset Manager / Issuer / Dealer.

8. ASSET CLAUSES

Your selection of Assets ("Asset Choice") includes the Funds which are listed in our International Asset Selection and this list is subject to amendment by us from time to time. We will not be responsible for any loss that you may suffer or incur as a result of or in connection with such information.

The risks relating to your investment decisions and any change in market value of the Trust Plan are borne by you under this reserved power trust. You are advised to take due and careful consideration of those decisions and obtain the independent advice which you may consider necessary in entering into the Deed and making decisions under the Trust Plan.

If any Asset is valued in a currency other than the Valuation Currency, its value will be converted into the Valuation Currency at the prevailing exchange rates (as determined by us in our sole and absolute discretion).

8.1 Assets

Whilst we may provide information relating to your Asset Choices investment object, dealing day, intended investment, investment restrictions, duties and charges, we will not be responsible for any investment performance of this Asset(s).

We, as Trustee will purchase, hold or sell, or do so through a nominee, Units in the Trust Plan Account in accordance with our latest record of your Asset Choice selection. In this regard and for the avoidance of doubt, we will transact with the relevant third parties as a principal and not as your agent. You understand that the Units will be registered in the name of Metis or a nominee designated by us. For the purpose of valuation of the Trust Plan, the allocation of Units of an Asset to reflect the Asset Choices of the Trust Plan is notional.

The return on your Asset Choice may be lower than the return on the Assets due to charges in respect of the Plan. The individual Notional Unit holding can be separately identifiable under the Trust Plan record on the Metis administration system. You can at any time request a valuation of these Notional Units, which will be based on the latest available Unit price provided by the respective Fund Managers / Issuers / Dealers.

8.2 Units

Notwithstanding any other provision of the Deed, we shall not be held responsible for any delay or failure to purchase or dispose of any Units for the Trust Plan if the failure or delay is due to or caused by events or circumstances beyond our control including, without limitation, public holidays in the places in which our custodian bank or any of the Assets or their Asset Managers / Issuers / Dealers or Outsourced Service Agents/Contractors are located.

A transaction request received by Metis at or before the cut-off time on a Business Day will be processed according to the Unit Prices of the Assets and prevailing exchange rates (as determined by us in our sole and absolute discretion) on the next appropriate Valuation Day following the date Metis accepts the request (T+1). Any transaction request received after the cut-off time on any day will be processed as if the transaction request was received by Metis on the next Business Day. We have the right to change the cut-off time at any time at our sole and absolute discretion.

8.2.1 Allocation of Units

Units purchased with any Contributions will be allocated to the Trust Plan Account.

The number of Units will be calculated at the Offer Price of the Asset at the next appropriate Valuation Day or using the prices available as soon as reasonably practicable as may be obtained from or published by Metis.

8.2.2 Cancellation of Units

All relevant fees and charges payable under the Trust Plan are paid by cancelling sufficient Units in the Trust Plan Account as per Clause 7. The number of Units to be cancelled will be calculated at the Bid Price of the Asset at the next appropriate Valuation Day or by using the prices available to us and such Units will be cancelled in accordance with our latest

record of your Asset Choice selection.

8.2.3 Dealing in Units

Metis and entities associated with us and any of its officers, directors and employees and any other person, whether or not acting for itself, may purchase, hold or sell, or do so through a nominee, Units, with the same rights as it would have had if the Trustee were not acting as Trustee and shall be entitled to retain and shall not in any way be liable to account to you or any other person for any profit made or share of brokerage or commission or remuneration or other amount or benefit received thereby or in connection therewith.

8.3 Asset Switch

While the Trust Plan is in effect, you may, while you are alive and not Incapacitated, apply to switch Units from any Asset to another Asset listed in the International Asset Selection, subject to dealing guidelines notified to you by us from time to time. You may make any number of switches provided that the amount to be allocated on each Contribution in relation to each Asset Choice within a Trust Plan must be equal to or more than the Minimum Allocation and in accordance with the following Clauses:

- (a) We only accept instructions for asset switches in a percentage which can be expressed in whole numbers.
- (b) Following a switch, future Contributions will continue to be allocated in accordance with our latest record of your Asset Choice selection.
- (c) In the event that the Account Units representing one Asset Choice are switched to Units representing another Asset Choice, the relevant charges due to be paid by the old Units will be paid by the newly created Units instead.
- (d) If the Units to be sold are denominated in a different currency to the Units to be purchased, we will convert the sale proceeds into the currency of the Asset in which Units are to be purchased at the prevailing exchange rates (as determined by us in our sole and absolute discretion) at the time of conversion before purchasing the relevant Units.
- (e) The Asset Choice switching will also be subject to any other administrative rules determined by Metis from time to time.
- (f) We may, upon giving you not less than three months' notice or such other period of notice in compliance with the relevant regulatory requirements, impose a charge for Asset switches and/or limit the number of Asset switches. However, we will not impose this fee in the event of an involuntary Asset switch where a fund manager closes a relevant Fund or terminates or ceases to subscribe for a Structured Product or ceases to own a Commodity.

8.4 Holding Account

Metis maintains a Holding Account to hold monies temporarily where it is not possible to invest new Contributions or switch proceeds immediately into

the target Asset Choice, due to dealing frequency or time lag between Asset switching. We will endeavor to allocate the relevant Units to the Trust Plan Account. The Holding Account is under custody by our custodian bank.

8.5 Excess Cash Contributions

Any excess contribution paid by the Settlor (or the payer of the contribution nominated by the Settlor) during the CPT of more than USD 100 (or its equivalent) for each payment will be refunded to the Settlor or the payor (with any related bank charges to be borne by the Settlor or the payor in its entirety), and any excess contribution less than or equal to USD 100 (or its equivalent) for each payment will be retained by us as an administrative services charge.

8.6 Dividend

In the event that a dividend is paid out of an Asset, we may calculate the amount which you are entitled to and at our sole and absolute discretion pay the dividend to the Trust Fund. The dividend will be reinvested in accordance with our latest record of your Asset Choice selections within one month of the receipt of the dividend amount.

However, if the Trust Plan is terminated between the dividend declaration and payment dates, only dividend payments of more than SGD 100 will be paid to the Trust Fund. If the dividend payment is less than or equal to SGD

100, it will be retained by us as an administrative services charge.

8.7 Temporary Suspension of determination of unit price

Metis may at its sole and absolute discretion suspend the purchase, sale or valuation of the Units under the following circumstances:

- (a) when dealings in any Assets have been suspended;
- (b) when any of the recognized stock exchanges or markets on which the Unit Prices are quoted is closed (other than during the normal closing hours or days) or has restricted dealings;
- (c) when the Asset Manager / Issuer / Dealer is unable to repatriate money, or considers that any transfer of money for purposes of completing the purchase or sale of Units under the Trust Plan is not possible at the prevailing exchange rates (as determined by us in our sole and absolute discretion);
- (d) the remittance or repatriation of proceeds which will or may be involved in the realization of any investment or assets, or the cancellation of Units is delayed or cannot, in the opinion of Metis, be carried out promptly at the prevailing exchange rates (as determined by us in our sole and absolute discretion).
- (e) when an instruction to purchase or sell is not given according to the terms of the Trust Plan; and/or
- (f) any other circumstances under which calculation of fair and accurate Unit Prices is not possible.

8.8 Asset Closure/Merge/Division

- (a) We may at any time close or cease to offer an Asset or cease to effect the allocation of Units to any Asset or any Asset switch to any Asset, for example, if:
 - (i) the Asset ceases to be quoted on a recognized stock exchange or market or otherwise becomes closed to further investments;
 - (ii) the Asset is closed, merged or divided by Asset Manager / Issuer / Dealer in his discretion due to any change in circumstances, laws, regulations, government policies, currency or capital controls, political developments, restrictions in foreign investments, or that the investment plan or objective of the Asset is hard to realize or the fund size is lower than the minimum required as shown in the prospectus; or
 - (iii) Metis' investment in any of the Asset falls below a level such that administration of such Asset is no longer economically viable. Before we take any action as permitted by Clause 8.8(a), we will give you, while you are alive and not Incapacitated, not less than one month's prior written notice or such other shorter period of notice (if we do not consider that it is practical to give one month notice). In such event, we may transfer all Units in an Asset to another Asset having the same or similar investment objectives (if possible) at our sole and absolute discretion.
- (b) If the Units are redeemed before or upon our sending to you the Closure Notice, the proceeds will be kept in the Holding Account. Upon receipt of the Closure Notice, you may provide written instruction to us within the period stated in the Closure Notice and on receiving such timely instruction from you, we will utilize the proceeds from redemption to purchase Units in other Assets in accordance with your written instructions.
- (c) If you do not instruct us within the period stated in the Closure Notice, we may purchase Units in one or more alternative Assets which we will select on your behalf as specified in the notice. If the purchase of Units in one or more alternative Assets is not possible or is, in our opinion, disadvantageous to the Trust Fund, we will keep the proceeds from redemption in the Holding Account.
- (d) The purchase and sale of Units will be based on the Unit Price of the respective Assets.
- (e) If your existing instruction for the allocation of Asset Choices includes any allocation to an Asset which we have closed or shall close, when you make any Top-Up Contribution while you are alive and not Incapacitated, you must change your instruction to exclude such an Asset; otherwise, we will allocate your Top-Up Contribution to such other Assets as we consider, in our sole and absolute discretion, appropriate.

9. FATCA

Under the U.S. Foreign Account Tax Compliance Act, or FATCA, all non-United States entities in a broadly defined class of financial institutions (FIs), are required to comply with an expansive documentation and reporting regime, or, beginning from July 1, 2014, be subject to a 30% United States withholding tax on certain U.S. payments constituting "withholdable payments" (beginning in 2017, a 30% withholding tax applies to gross proceeds from the sale of assets which could produce withholdable payments and foreign passthru payments). Certain passive non-U.S. entities which are not FIs are required to either certify they have no substantial U.S. beneficial ownership or report certain information with respect to their substantial U.S. beneficial ownership, or, beginning from July 1, 2014, become subject to the same 30% U.S. withholding tax as described above. The reporting obligations imposed under FATCA generally require FIs to obtain and disclose information about certain Customers to the United States Internal Revenue Service (IRS).

The impact of FATCA on FIs in a specific country may be modified by an intergovernmental agreement (IGA) between the United States and that country. The United States has entered into an IGA with Singapore (Singapore IGA).

A Singapore IGA should apply to Metis as it is resident in Singapore. Under the Singapore IGA, we are obligated to apply prescribed due diligence procedures, and report "U.S. Accounts" and account information with respect to "Nonparticipating Foreign Financial Institutions (non-participating FFI)" to the IRS.
